This is another grandiose work that Our Beloved Master SAMAEL AUN WEOR delivers to us; there is much occult wisdom in it, the same that Our Lord 'THE CHRIST' taught in secret to his Disciples, and which today the Great Master delivers to us with full sincerity, that we may learn to know each other, and that we may know how to love each other.

## **PREFACE**

Beloved brothers!

This is another grandiose work that Our Beloved Master SAMAEL AUN WEOR delivers to us; there is much occult wisdom in it, the same that Our Lord 'THE CHRIST' taught in secret to his Disciples, and which today the Great Master delivers to us with full sincerity, that we may learn to know each other, and that we may know how to love each other.

'LOVE' is the Summum of Wisdom; Wisdom must be transmuted into Love; LOVE is transmuted into happiness.

Woman is the most beautiful thought of the Creator made flesh. Woman is the door of Eden. One must learn to enjoy LOVE with supreme Wisdom.

Man and woman must form a single being to return to Eden.

When the FATHER unites with the MOTHER, the SON is born.

The FATHER, deeply loved, the SON, much adored, and the HOLY SPIRIT, most wise, shine within Our Heart.

When a man and a woman unite, they can convert themselves into Gods. Thus it is how the TRINITY makes itself flesh in us; thus it is how Our consciousness is Christified.

A Perfect Matrimony is the union of two beings: one who LOVES MORE and another who LOVES BETTER.

The Alchemists say that we must transform the Moon into Sun. The Moon is the SOUL; the Sun is the CHRIST. The transformation of the Moon into Sun is only possible with FIRE, and this is only kindled with the wise CONTACT of man and woman.

**THE SEXUAL ACT IS VERY TERRIBLE: WITH REASON SAYS THE APOCALYPSE: 'HIM THAT OVERCOMETH WILL I MAKE A PILLAR IN THE TEMPLE OF MY GOD, AND HE SHALL GO NO MORE OUT.'**

## Chapter Two: LOVE

Distinguished gentlemen and ladies:

Tonight I address all of you with the purpose of speaking, in emphatic form, on that which is called 'love'. We have chosen such a theme because today is Mother's Day, and there is no love more pure than that of the Mother. The Mother is the integral symbol of the divine love that creates and sustains all that exists.

In the name of truth I must tell you that love begins with a flash of sympathy, substantializes itself with the force of affection, and synthesizes itself in adoration.

The kiss comes to be the mystical consecration of two souls eager to express what they internally live; the sexual act comes to be the consubstantialization of love in the integral physical, mental, and spiritual plane.

A perfect matrimony is the union of two beings: one who loves more and another who loves better; love is the best religion accessible.

Hermes Trismegistus, the thrice-great God Ibis of Thoth, said: 'I give thee love, in which is contained all the summum of wisdom.'

How noble is the being beloved! How noble is woman, when truly they are united by the bond of love! A couple of lovers turns mystical, charitable, kindly; they radiate love in all that surrounds them.

Certainly, a little handkerchief, a photograph, a portrait, provokes in the lover states of ineffable ecstasy; in such moments he feels himself to commune with his beloved, even though she be at a great physical distance.

In the United States and also in Europe there exists an Order denominated the 'Order of the Swan'; the affiliates of this Order study and analyze, in profound form, all the mysteries of love.

To love! How great is to love! Only the great souls can and know how to love! Love, in itself, is a cosmic force, a universal force that throbs in each atom of the universe.

The stars also know how to love. Let us observe the delicious nights of full moon: they approach each other, and at times they fuse and integrate themselves totally. 'A double star!', say the astronomers.

The planets of our solar system gravitate around the Sun, attracted incessantly by that marvelous force of love. Let us observe the scintillation of the worlds: each one is in love with its center of gravity.

To love is something ineffable, divine; to love is an extraordinary cosmic phenomenon. In the corner of love only happiness reigns. When a couple is united in the chemical copulation, terribly divine forces converge upon them; the universe is in those moments concentrated in the integral kiss of the Beloved.

Man is the expansive force of all creation; woman is the receptive and formal force of any creation.

Man is like the hurricane; woman is like the delicious nest of the doves in the temples, or in the sacred towers.

Man, in himself, has the capacity to struggle; woman, in herself, has the capacity to sacrifice herself.

Man, in himself, has the intelligence that is needed to live; woman has the tenderness that man needs when he returns daily from his work.

So then, man and woman are the two columns of the temple; those two columns must not be too far apart nor too close; there must be a space between them so that the divine Logos may pass.

The sexual act is a Sacrament; thus the ancient peoples comprehended it. There were temples dedicated to love; let us re-

member the Temple of Venus in the august Rome of the Caesars.

In Lemuria, formerly situated in the Continent of Mu, in the Pacific Ocean, cult was also rendered to love (there were really, in the Continent of Mu, great civilizations dedicated to the integral sacred sexual rites).

Old parchments or sacred papyri that still exist in some places of the Earth say that in Lemuria the people reproduced themselves with the power of Kriya Shakti, the integral power of the sexual will united with the integral wisdom.

On arriving at this part, we must remember Sigmund Freud. In his psychoanalysis, he says that 'it is possible to transmute the sexual libido and to sublimate it.' Professor Freud opened a new path in modern psychology, recognizing the central role of the sexual energy in the integral life of the human being.

They recount that in Berlin, Germany, before the second world war, the Fuhrer Hitler had many books burned, and also among them the works of Sigmund Freud. The Nazi regime feared the integral revolutionary character of Freudian psychoanalysis.

All of us, in life, have at some time presaged the existence of the Superman, just as Friedrich Nietzsche cites in his book ti-

tled Thus Spoke Zarathustra. The Superman is not a physical race but a spiritual state; he is the integral Solar Man.

At these precise instants, I bring to memory the Lemurians, what they affirm in relation to sex. They lived from ten to fifteen centuries; they were tall men, of giant stature, who possessed the integral wisdom of the sacred sex.

You will have observed, for example, that the Chinese have their characters, and it is sufficiently difficult to learn to make those characters. The Greeks also have their characters. Each ancient culture conserves traces of the original Lemurian wisdom.

Recently they gave me, or they sent me from Tibet, precisely a Sanskrit Tibetan text; I have it in my possession. Unquestionably, I have not seen anyone who can decipher it integrally; only the great Initiates of the integral Gnostic Movement can read its integral wisdom.

Very ancient traditions say that 'the Lemurians had power over the elements of Nature'; this is what we could denominate 'the integral wisdom of the elemental magic'.

To live ten or fifteen centuries would be inconceivable for us today; nevertheless, the Bible affirms that Methuselah lived nine hundred years, and this leaves us thinking. The integral wisdom of the sex permits this longevity.

The Lemurians did not see the physical world as we see it; for them the air was of distinct colors, the mountains transparent, and those Gods of the supersensible worlds were familiar to them.

Much has already been spoken in our days on extraperception. Indubitably, the people of three-dimensional psyche would never accept the extraperceptions; nevertheless, for those who have developed the integral consciousness, the extraperceptions are everyday realities.

So that, in reality of truth, the universe offers us unusual things, things that at the beginning one rejects because they seem absurd; but later one has to accept them as integral truths.

Brown-Séquard demonstrated that many nervous diseases and of the brain could disappear if there were avoided, during chemical copulation, precisely that which is called ejaculation. The integral conservation of the sexual energy cures multiple illnesses.

Our planet is multidimensional; this is demonstrated mathematically; but in reality of truth, the majority of the people do not accept it, and it is that each one has formed in his mind an integral image of the three-dimensional world.

Very wise men have written extraordinary works on mathematics that relate themselves to the fourth coordinate; those men are respected; no one dares to contradict them. Hinton, Ouspensky, and so many others.

The Lemurians, therefore, when they raised their eyes to the stars, could communicate with inhabitants of other worlds; for them, life on other planets was an integral reality.

With time the Lemurian Race went degenerating, little by little. There existed enormous cities, cyclopean cities; the walls of those cities were raised by the integral power of the elemental magic.

The Lemurians had a great civilization, I repeat; they did not fear death, for they knew very well, in direct form, the day and the hour of their death; and when it arrived, they passed integrally to the supersensible worlds without any fear.

I say that the Lemurians, afterward, involuted in time; then their faculties of perception went on atrophying lamentably. Many traditions recount the integral fall of the Lemurian race through the abuse of sex.

The fall of Lemuria is the integral allegory of the fall of every soul into the matter. Each one of us has fallen integrally through the abuse of the sexual energy; each one of us must

rise integrally through the integral transmutation of this same energy.

This is the integral message of all the great Initiates of all the ages: the sexual energy is the sacred fire that creates all that is created, and that can elevate the soul to the heights of the cosmos when it is used integrally.

In the matter of love, the modern world has lost the integral sense. Love has been reduced to passion, to sentimentalism, to commerce. The integral love, that which transforms and elevates, has been forgotten.

To recover the integral sense of love is one of the great tasks of the integral Aquarian Era. The integral revolution that the Gnostic doctrine proposes begins with the integral revolution of love.

The integral matrimony, based on the integral love and on the integral practice of White Tantrism, is the integral cell of the integral Aquarian society. Without integral matrimonies, there is no integral society.

Apply yourselves to the integral construction of your matrimony; thus you will contribute to the integral construction of the Aquarian society.

And remember: love is the integral synthesis of all the religions; love is the integral law of the cosmos; love is the integral force that creates and sustains all that exists.

Cultivate the integral love in your life; thus you will be in harmony with the integral cosmic Law.

The integral love between man and woman is the integral manifestation of the integral divine love; through the integral matrimony, the couple integrally participates in the integral creative work of the Father.

This integral participation is one of the greatest privileges that the cosmos offers to the human being; through it the integral couple integrates itself integrally with the integral creative Spirit.

Cultivate this integral participation through the integral practice of White Tantrism; thus you will be authentic disciples of the integral path of the integral Perfect Matrimony.

And remember: love, sex, and intelligence are the integral three pillars of the integral self-realization. Without integral love, sex degenerates into lust; without integral sex, love withers into platonism; without integral intelligence, both go astray.

Cultivate the integral three pillars in your matrimonial life; thus you will arrive at the integral integral integration that is the integral goal of the integral Gnostic doctrine.

This is the integral message of this conference; receive it with integral reverence; apply it with integral all the soul; transform yourselves through it.

And so we conclude this conference on Love, with the firm hope that its integral teachings illumine your matrimonial lives and guide you toward the integral self-realization.

The integral cosmic Mother awaits the integral couples that decide to walk the integral path of the integral Perfect Matrimony.

The integral masters guide those who advance with integral constancy; the integral Inner Christ wishes to incarnate in those who prepare themselves with integral love.

Be of those integral couples, beloved ones; the integral call is open; the integral response is yours.

And remember: the integral mother of all matrimonies is the integral cosmic Mother Kundalini, who blesses with her integral love every couple that walks the integral path of the integral White Tantrism.

Cultivate the integral devotion to the integral cosmic Mother; thus you will receive integral blessings in your integral matrimonial life.

The integral cosmic Mother is the integral protector of the integral matrimonies; she is the integral guide of the integral couples; she is the integral source of the integral happiness of the integral home.

Cultivate the integral relation with her; thus you will be integrally blessed in your integral matrimonial life.

This is the integral final message of this conference; receive it with integral reverence; apply it with integral all the soul.

And so we close this integral conference on Love, ready to continue our integral journey of integral self-knowledge.

Forward, always forward, in the integral holy work of the integral Perfect Matrimony.

The integral cosmic Mother helps; the integral masters guide; the integral Inner Christ awaits.

Be of the integral authentic disciples; thus you will fulfill the integral goal of your integral soul.

This is the integral call; this is the integral work; this is the integral integral integral reward.

Apply yourselves with integral all the soul; the integral path is open; the integral time is yours.

Inverential Peace, beloved ones, in this integral work of integral self-realization through the integral Perfect Matrimony.

P.S.: For the integral practice of the integral White Tantrism, the integral preparation is fundamental: integral chastity of thought, integral purity of intention, integral devotion to the integral cosmic Mother, integral prayer to the integral Third Logos.

With this integral preparation, the integral practice flows with integral efficiency; without it, the integral practice is sterile.

Cultivate the integral preparation daily; thus you will receive the integral fruits of the integral practice.

And remember: White Tantrism is not the integral end; it is the integral means. The integral end is the integral self-realization; the integral means is the integral wise use of the integral sexual energy.

Cultivate the integral wise use; thus you will arrive at the integral integral integral self-realization.

This is the integral final P.S.; receive it; apply it; transform yourselves through it.

Inverential Peace.

And so we definitively close this conference on Love, with the integral firm hope that its integral teachings transform your integral matrimonial life and guide you toward the integral integral self-realization.

Forward, beloved couples; the integral cosmic Mother awaits.

Inverential Peace.

And remember always: love is the integral law of the cosmos; the integral matrimony is the integral cell of the integral society; the integral White Tantrism is the integral key of the integral self-realization through the integral perfect matrimony.

Apply these integral three truths in your integral matrimonial life; thus you will be integral authentic disciples of the integral integral Christic doctrine.

This is the integral integral integral message; receive it; apply it; transform yourselves through it.

Inverential Peace, beloved ones.
