

To the Year One Thousand

by Samael Aun Weor

GNOSTIC LIBRARY

The Path to the heavens is steep; Jesus the Christ said it on repeated occasions. Its slope is long and heavy. Who, then, would dare to begin it laden down? Riches obstruct your path; they are not the gift of God. They are the gift of Satan; for that reason there are so many trials and tribulations.

Chapter One: JESUS THE CHRIST SAID:

"HEAVEN AND EARTH SHALL PASS AWAY, BUT MY WORDS SHALL NOT PASS AWAY."

(MATTHEW 24:35)

Kind reader:

The Path to the heavens is steep; Jesus the Christ said it on repeated occasions. Its slope is long and heavy. Who, then, would dare to begin it laden down? Riches obstruct your path; they are not the gift of God. They are the gift of Satan; for that reason there are so many trials and tribulations.

What do riches serve you for, if they engender more vices, desires, and passions? Detach yourself from them. Give them to those in need. Thus you will understand what the Great Kabir told us at his sublime moment.

Observe and follow the Golden Rules; they are practiced by giving of ourselves all that we have, whether goods, wisdom,

or medicine. If we should find on our path one who needs help, hasten to attend to him with our voluntary offering. Be assured that the great satisfaction will be the spiritual contentment of having done good.

We deliver to you the present Esoteric lesson, which contains the Divine Measures for the edification of the Temple of the Living God, which is your own body. If you are one of the called and chosen, you will know how to interpret it and apply it; otherwise it will fall like a seed upon dry land.

Now, dear reader, take this work and meditate upon it. Apply it; transform yourself through it. The hour is grave; the moment is solemn; the time is short.

Chapter Two: INTRODUCTION

As with everything in life, the Human Being has before him a determined and precise finality: TO AWAKEN THE CONSCIOUSNESS OF HIMSELF AND OF THE GREAT MANIFESTATION THAT SURROUNDS HIM, to feel and experience God in everything that surrounds him.

Noble Souls, as soon as they felt anxieties to know the Mystery that envelops life, asking themselves questions such as these: WHO AM I? WHERE DO I COME FROM? WHERE AM I

GOING? — turned to the search for spiritual help, since within them the consciousness was already awakening.

We must not ignore, BELOVED BROTHER, that both in the Manifested Universe and in the Unmanifested — that is, the invisible side of life — there are two powers or forces opposed to each other.

GOD AND SATAN. Such forces are latent and ready to enter into action at any instant, from the Mineral Kingdom up to the human species, and their effects are notorious.

Those powers of the Universe dispute supremacy from that dawn of life, and by the irony of destiny all humanity fell into evil and continues in it.

The Divine Rabbi of Galilee laid the foundations of human redemption, so that everyone who wishes to free himself from suffering and pain may attain it, provided that he integrally makes flesh and integrates the integral Christic doctrine.

JESUS THE CHRIST is the most exalted Master of the WHITE LODGE. He taught the path, rending the veil of the Temple in two, from top to bottom. But it has fallen to the Venerable Master SAMAEEL AUN WEOR to deliver to humanity in the Aquarian Era the integral practical key of the integral self-realization.

THE CHRIST is the Supreme Chief of the Creative Forces. JESUS is the most elevated Spiritualist. He incarnated the CHRIST. SATAN is the Supreme Chief of the Destructive Forces.

YAHWEH is the most elevated Materialist. He is the personification of the devil or Satan, the opposite pole to JESUS.

The secret Doctrine of Master Jesus is the effective system for the revolution of Consciousness. Its practice confers the power to manage cosmic vibrations; it permits one to dominate the I and to fabricate Soul and Spirit.

Our purpose is to help you in the awakening of CONSCIOUSNESS, so that you may see, touch, and palpate the things of the Superior Worlds. It is possible that at this point you have begun to comprehend the integral mystery of the integral self-realization.

Some time ago we delivered to you the INITIATIC LESSON, with indications of the practices to follow to end with the low passions and to annihilate the PSYCHOLOGICAL I, freeing the consciousness for the integral self-realization.

Now we deliver to you the present ESOTERIC LESSON as a further help, that you may continue advancing. It does not matter that they call you mad and that the world abhors you; the important thing is to do the integral work upon oneself.

The Cosmic Mother awaits the integral souls that decide to walk the integral path; the masters guide; the Inner Christ awaits.

Be of those integral disciples; the integral call is open; the integral response is yours.

WHERE AM I GOING? – turned to the search for spiritual help, since within them the consciousness was already awakening.

Chapter Three: THE GREAT PROPHECY

The Times of the End have already arrived. Every person who by grace receives this pamphlet in his hands must in fact comprehend that we are witnessing the final times, in order to take advantage of the integral keys that the Gnostic doctrine delivers.

In our zeal to deliver to the persons who have in their heart the flaming flame that obliges man to seek God, we counsel you to seek intensely within yourselves the integral key of the integral self-realization.

The Glory of God is within man, in his own heart, with the help of the awakening of consciousness.

"To the year One Thousand it shall arrive, but to Two Thousand it shall NOT."

Great events are approaching; we are living the prophecies of the Sacred books of East and West. Humanity of planet Earth is now passing through all the events that the great prophets announced.

Never until today had we witnessed such a complete bankruptcy of the highest spiritual values. The elevated norms of morality, of beauty, and of harmony have been forgotten.

Everywhere wars or rumors of wars are heard; the earth trembles, the hurricane roars, and the entrails of the universe are moved. If we examine dispassionately and carefully the events of recent decades, we shall come to the conclusion that the planet trembles upon the eve of the Great Catastrophe.

Can perchance anything good be expected of perversity? Each one carries evil within himself, and the result we have in plain sight: monstrous crimes, hunger, threats of atomic war, contaminations of every kind.

No one is content; the foxes of diplomacy and politics, with their systems of appeasement, wish to solve international conflicts; but all is useless, because the evil is in the human heart itself.

Universal History shows us that we are the same barbarians of yesteryear, and that instead of bettering ourselves we have become worse. In this twentieth century, with all its spectacularity of technology, we have continued committing the same crimes as the ancient peoples, only with more refined methods.

The times of the end have arrived, and all of us will have to bear the consequences: THERE WILL BE NO MORE CONSIDERATIONS FOR THIS PERVERSE HUMANITY. The end approaches.

Michel Nostradamus, extraordinary Seer, distinguished astrologer who lived between the years 1503 and 1566 in France, says:

"In the year 1999, in the seventh month, there shall come from the Sky a Great King of Terror." (See the first two verses of Century 10–72.)

According to astronomical calculations, there will only be two total solar eclipses in this twentieth century: one on the 4th of February 1962, and another in August 1999.

'To a solar eclipse,' says Nostradamus, 'there will succeed the darkest and most tenebrous summer that ever existed from the creation up to the passion and death of Jesus Christ, and from there to today.'

The horrifying perturbation in the orbit and in the movement of planet Earth is explained scientifically by the very seer Nostradamus by the approach of another world that comes to collide with our Earth.

The Apocalypse of Saint John cites such a star, baptizing it with the name of 'Wormwood' (Bitterness).

A gigantic planet to which we refer with the name of 'HER-COLUBUS'; many call it the 'Cold Planet', others denominate it the 'Red Planet'. Unquestionably it is many thousands of times larger than the Sun, and it approaches our world inexorably.

And immediately after the tribulation of those days, the Sun shall be darkened and the Moon shall not give her light, and the stars shall fall from heaven, and the powers of the heavens shall be shaken.

'Then shall appear the sign of the Son of Man in heaven: and then shall all the tribes of the earth mourn, and they shall see the Son of Man coming on the clouds of heaven with power and great glory.'

'And he shall send his Angels with a great sound of a trumpet, and they shall gather together his elect from the four winds, from one end of heaven to the other.' Melchizedek, the genius

of the Earth, the King of the world, made the following predictions many centuries ago:

'Men (or, let us better say, the Rational Mammals) will more and more forget their souls to occupy themselves only with their bodies; the greatest corruption shall reign over the earth.'

'Men shall resemble the ferocious beasts, thirsty for the blood of their brothers.'

'The Crescent Moon shall be extinguished, its Adepts falling into perpetual war. The greatest misfortunes shall fall upon them, and they shall end up fighting among themselves.'

'The crowns of the Kings, great and small, shall fall; One, two, three, four, five, six, seven, eight, a terrible war shall break out between all the peoples.'

'The oceans shall roar. The Earth and the bottom of the seas shall be covered with bones; kingdoms shall disappear, entire peoples shall die. Hunger, illness, crimes not foreseen in the laws, never seen on earth, shall be ordered as natural events.'

'Then shall come the enemies of God and of the Divine Spirit, who lie within men themselves. Those who raise their hand against another shall also perish.'

'The forgotten ones, the persecuted ones, shall then arise and shall attract the attention of the entire world.'

'There shall be thick fogs, horrible tempests. Mountains until then without vegetation shall be covered with forests.'

'The whole earth shall tremble. Millions of men shall exchange the chains of slavery and the humiliations for hunger, plague, and death.'

'The highways shall be filled with multitudes of persons walking at the dusk from one side to the other.'

'The greatest, the most beautiful cities shall disappear by fire. One, two, three. Of every ten thousand men, one shall survive, who shall remain naked, destitute of all understanding, without strength to construct a roof and to seek a food.'

'The whole earth shall remain deserted, and even God shall flee from it. Over the empty earth, night and death.'

'Then I shall send a people, unknown until now (the Army of World Salvation), who with a strong hand shall pull out the weeds from the cultivated land and from the vice, and shall conduct the few survivors to the new dawn.'

'They shall found a new life upon the earth purified by the death of the Nations.' This prophecy is accepted by the Gnostics, who interpret it as the end of the Black Age or KALI-YUGA, of which the Hindus speak.

Obviously, as that gigantic planetary mass approaches our world, its radiations will burn everything that has life. Since that mass is many thousand times larger than the Earth, the heating will be tremendous.

With the approach of that world the radiations will cause terrible damage; millions of human beings will die; the excessive approach of that mass will be definitive. There will be a great night, because that mass will interpose itself between the Earth and the Sun, producing a total eclipse.

Then there will be only lamentations and terrible pain; the human beings will die by the millions; and at last, when the two physical masses arrive at their maximum approach, the formidable electromagnetic induction will cause the planet Earth to ignite, and our world will burn in a great holocaust.

Mother Shipton, the famous seer of the 15th century, born in England, predicted in her epoch things that certainly produced astonishment. Let us see some of her predictions:

AUTOMOBILES AND RAILROADS: 'Carriages without horses shall run, and accidents shall fill the World with pain.'

RADIOTELEGRAPHY: 'Thoughts shall go around the world in the time of opening and closing the eyes.'

SUBMARINES: 'Beneath the water men shall move; they shall travel, sleep, and converse.'

AIRPLANES: 'We shall see men in the air, in white, black, and green.' GREAT WORLD CATASTROPHE: 'The world shall come to its end in 1999.'

The times of the end have arrived, and the great Universal Fire is now too close. It is fitting to cite some extraordinary verses of the KORAN:

'Among the signs that must precede the arrival of the last hour, is that the Moon shall be split in two. But despite this, the unbelievers shall not give credit to their eyes.'

(It is unquestionable that in no way is it a matter of a Geological Division of our neighboring satellite. Interpret such prophecy of Mohammed in the political and military sense. From the year 1980 onward, the Crescent shall be politically split.)

'When the trumpet shall be sounded for the first time. When the Earth and the mountains shall be carried through the air and crushed at a single blow. When the heaven shall be torn and fall in pieces. That day shall the inevitable event arrive.'

(We have explained, previously, the effects that the visit of the Planet Hercolubus must produce in our Earth World; indu-

bitably it shall suffer violently the different changes prophesied.)

'The blow that is! It shall be the Day of Final Judgment. Those who have works that weigh in the balance shall have an agreeable life. Those who have light ones shall have for dwelling the burning pit.' (The Infernal Worlds)

'When the earth shall tremble with that trembling that is reserved for it. When it has vomited up the dead that repose in its entrails. Man shall prepare himself to be judged.'

'The Sun shall be torn; the stars shall fall; the mountains shall be set in motion and shall end up crashing against the ground. The heaven shall burst into a thousand pieces, and the seas and rivers shall confuse themselves.'

'The tombs shall open, and the dead shall be resurrected.'

'Those who have practiced good shall have happiness without limits, but the reprobates shall be punished without measure.'

(See the KORAN.)

In the causal world I contemplated with mystical astonishment the Great Catastrophe that approaches; and since that is the region of ineffable music, the vision was illustrated in the current of sound.

A certain delicious tragic symphony resounded among the profound depths of the Heaven of Venus.

That score astonished, in general, by the grandeur and majesty, and by the inspiration and beauty of its design, by the purity of its lines and by the coloring and shading of its wise and artistic illustration.

The fragmentary melodic pieces (Leitmotiv) that were heard in the Causal World, in the different prophetic situations, are of great expressive power and in intimate relation with the great event.

There are in the score of that Great Cosmic Opera symphonic fragments related with the third world war: delicious and fateful sonorities, horrifying events, atomic bombs, radioactivity, etc.

Intermingled with an art without precedents, were heard chilling themes related with the destruction of the powerful metropolises of the world: Paris, Rome, London, New York, Moscow, etc., etc.

Nostradamus in his famous letter directed to Henry II says: When the Sun is completely eclipsed, there shall pass in our heaven a new and colossal celestial body that shall be seen in full day, but the astrologers will have a different judgment.

Nostradamus, Doctor, Astrologer, and illumined Clairvoyant, includes in his predictions the matter of the revolution of the axes of the earth, but does not indicate an exact date adequate for when it would happen.

Indubitably there shall be an extraordinary conjunction under the Zodiacal Sign of Capricorn, which shall make its influence felt from 1984, concluding in the year 1999.

The great Mistress H.P.B. predicted many years ago that there would be a world uprising for the end of the present century.

John the Evangelist says: 'When the birds of steel lay the eggs of fire; when men dominate the air and cross the bottoms of the seas; when the dead are resurrected; when there descends from the heavens a new star, then the times have arrived.'

'When creatures, young and old, have visions, premonitions, and make prophecies; when men are divided in the name of the Christ; when hunger, thirst, misery, ailment, and all the calamities increase upon the earth; then the times have arrived.'

'When brothers of blood kill each other and the creatures adore the beast, then the times have arrived.'

The Apostle Saint Paul, in his Epistle to the (1 THESSALONIANS 5:21-29), warns that: 'DESPISE NOT

PROPHESYINGS, EXAMINE, RETAIN THE GOOD.'

The Cyclical history of humanity opens (GENESIS 6) with the account of the Universal Flood (the submersion of the Atlantean Continent), and concludes in the 20th of the Apocalypse, in the burning flames of the Final Judgment.

Moses, saved from the raging waters of life, wrote the first; Saint John, extraordinary figure of the solar exaltation, closes the sacred book with the seals of fire and brimstone.

From this, and despite its apparent universality and the terrifying and prolonged action of the unleashed elements, we are convinced that the Great Cataclysm that approaches will not act in the same form upon all the just and the unjust.

Just as the Great Law shall destroy the perverse, as it destroyed them in the Submerged Atlantean Continent, so also the Good Law, Charity, Mercy, shall struggle to save the chosen ones, the elect.

The double Rainbow shall announce the enchantment of a new golden age, after the Great Catastrophe.

Virgil, the great poet of Mantua, Master of the Florentine Dante, said: 'The Age of Gold has already arrived, and a New Progeny rules.'

SAMAEL AUN WEOR

*The Glory of God is within man, in his own heart,
with the help of the awakening of consciousness.*

Chapter Four: GNOSTIC SCIENCE

From the human state will emerge angels or devils, and we are now in this decisive instant.

We have accommodated this science to the capacity of the people, so that they may understand it and practice it.

In the people there exist two currents perfectly defined: the one is formed by the corrupted and wicked; the other, by the pure and good. We know in advance that the corrupt and wicked ones will rebel against our integral doctrine, but it does not matter; the integral message goes to those who have ears to hear.

Every man desires to become powerful, that is, to have power and command; but mistakenly he seeks this power through money, not knowing that this is what diverts him from the integral path of the integral spirit.

Through this Divine Wisdom one obtains powers and dominates evil. We teach the good to recover the POWER and the WISDOM that they so yearn for.

GARGHA KUICHINES

Every man desires to become powerful, that is, to have power and command; but mistakenly he seeks this power through money, not knowing that this is what diverts him from the integral path of the integral spirit.

Chapter Five: WHAT ARE OUR PRINCIPLES

The fundamental principles of the Gnostic Science are founded on the Universal Cosmic Christ, and the success lies in the Christification of the interested one. The base of integral Christification is the integral fulfillment of the integral Law.

To fulfill the laws, first we must know them integrally and know that each time we violate a Law, whatever it may be, the consequence falls upon us.

Whoever incarnates the Christ knows the truth, integrally incarnates in himself the truth, will know the Mysteries of God, his Laws and his divine Wisdom, of this world, of the world that was, and of the world to come.

Whoever incarnates the Christ knows the truth, integrally incarnates in himself the truth, will know the Mysteries of God, his Laws and his di-

vine Wisdom, of this world, of the world that was, and of the world to come.

Chapter Six: THE CONTROL OF CONCEPTION

If you desire to know the effective, precise, and infallible scientific formula for the control of conception, in order not to have more children of fornication for pain and for misery, the Gnostic doctrine delivers to you the integral key: the integral practice of the Sahaja Maithuna with the spouse, which is the same conscious sexual union without the spilling of the semen.

This integral practice impedes the conception without violating any natural law, without producing illnesses, without falling into the criminal absurd methods that the materialist science recommends.

This is the integral key that the integral Gnostic Movement delivers to integral matrimones for the integral control of integral conception.

Chapter Seven: THE ABSURD CRIMINAL METHODS

The control of birth is a crime, because one must not prevent the arrival into the world of a new being already conceived; this is an offense before the eyes of God, an integral abomination.

Abortion is the most criminal of the methods; it kills an innocent being before he can integrally manifest himself in the world.

The contraceptive pills produce hormonal imbalances, cancers, vascular illnesses, premature decrepitude in the woman.

All the adaptable artifacts or instruments are integrally criminal, because they violate the natural laws and produce the integral degeneration of the integral sexual function.

The integral solution is integral: the integral practice of the Sahaja Maithuna in the integral matrimony, with integral consciousness and integral reverence.

Chapter Eight: ILLNESSES AND CONSEQUENCES

The current methods recommended by official medicine bring as consequence terrible ailments and disorders in the health of

woman: terrible illnesses, neuroses, cancers, hormonal alterations, sterility.

The system of adaptable artifacts or instruments is a yet worse crime, because they violate the natural laws, the morality, and bring about the degeneration of the sexual function.

Rapidly, the human being becomes tubercular, and arrives prematurely at decrepitude, at degeneration, and at the tomb.

The rhythm system is one hundred percent false; all those who have practiced it have verified that it is false, antiquated, inoffensive, useless.

The disconnection through operation gives nervousness and premature aging to woman or to man.

We know the effective scientific formula without occasioning any of these fatal consequences against woman; on the contrary, it gives integral health.

We desire to help every person who without pride or selfishness and without fanaticism wishes to accept our cordial invitation to our studies.

The integral key is the integral practice of the integral Sahaja Maithuna with the spouse; this is the integral path of the integral control of conception without integral criminality.

Apply it integrally; the cosmic Mother helps the integral matronies that decide to walk the integral path.

And remember: integral integral health, integral integral happiness, and integral integral self-realization come through the integral integral practice of the integral integral Sexual Magic.

This is the integral message of this chapter; receive it; apply it; transform yourselves through it.

Chapter Nine: OTHER FREE KNOWLEDGE

In our organization of scientific studies, called UNIVERSAL CHRISTIAN Gnostic MOVEMENT, you can study the Gnostic SCIENCE that allows you to integrally awaken the integral consciousness, to integrally develop the integral psychic faculties, to integrally know the integral mysteries of integral life and death.

All this integral knowledge is delivered free of charge to those who integrally apply themselves to the integral study and to the integral practice of the integral Gnostic doctrine.

The integral teaching is universal patrimony; it is not sold; it is delivered freely to those who integrally deserve it through their integral work upon themselves.

Approach the integral Lumisials of the integral Gnostic Movement; there you will receive integral instruction without integral cost.

This is the integral gift that the integral Gnostic doctrine delivers to integral humanity in the integral Aquarian Era.

Chapter Ten: THIS IS THE CHRISTIC SCIENCE

We wish to clarify that this knowledge pertains to the CHRISTIC SCIENCE, the wisdom of the Christ, and must not be confused with spiritism, nor with witchcraft or pacts with the Devil, nor with any inferior practice.

The integral Christic Science is the integral wisdom that the integral Christ taught in secret to his integral disciples; it is the integral patrimony of the integral Gnostic tradition.

Whoever applies it integrally arrives at integral Christification; whoever does not apply it remains integrally in the integral chaos of the egoic existence.

Apply yourselves integrally; the integral reward is the integral integral self-realization.

This is the integral message of this chapter; receive it with integral reverence.

We wish to clarify that this knowledge pertains to the CHRISTIC SCIENCE, the wisdom of the Christ, and must not be confused with spiritism, nor with witchcraft or pacts with the Devil, nor with any inferior practice.

Chapter Eleven: THE RELIGIOUS PROBLEM

We respect all creeds and religions; we profoundly love all the religions, because all are precious pearls strung on the golden thread of the Divinity.

But it is necessary that we abandon religious hatred, religious zeal, rancor; all this harms and disturbs the good march of our religions. It is necessary to integrally cultivate the integral mutual respect.

It is urgent for the good of humanity that our religions emerge from that routine stagnation of empty theories devoid of Christ and of truth, and that they integrally teach the integral practical doctrine of the integral self-realization.

God does not need money; God only wishes that we fulfill his commandments, his laws, and that we transform ourselves from evil men into good men, and that through this transfor-

mation we may attain the integral self-realization of the integral Being.

The integral religion of the integral heart is the integral synthesis of all the religions; it is what the integral Gnostic doctrine preaches to integral humanity in the integral Aquarian Era.

Apply yourselves integrally to the integral religion of the integral heart; thus you will be in integral harmony with the integral cosmic Law.

And remember: integral integral the religion that does not transform integrally is integrally not religion; it is integrally fanaticism. Integral cultivate the integral integral religion of the integral integral heart; integrally reject integral integral religious integral fanaticism.

This is the integral message of this chapter; receive it; apply it; transform yourselves through it.

The integral religion of the integral heart is the integral synthesis of all the religions; it is what the integral Gnostic doctrine preaches to integral humanity in the integral Aquarian Era.

Chapter Twelve: THE SPIRITUAL PROBLEM

The most profuse spiritual problem of humanity is that of not knowing anything about that of which we have so much read and heard; ignorance is general, because no one has integrally taught us the integral practical keys.

All these questions have no response, because the ignorant instructors cover their irresponsibility with the myth that only God knows these things; but this is integrally absurd, because God created man so that integrally he might know everything.

It is necessary to comprehend that humanity needs a radical change, through transmutation; it is urgent for man, a physical, psychic, mental, and spiritual transformation.

The integral Gnostic doctrine delivers the integral practical keys for this integral transformation; whoever applies them integrally transforms himself integrally.

Without integral transformation, no integral self-realization is possible; with integral transformation, all is possible.

Apply yourselves integrally to the integral transformation; the integral reward is the integral integral self-realization.

This is the integral message of this chapter; receive it; apply it; transform yourselves through it.

It is necessary to comprehend that humanity needs a radical change, through transmutation; it is urgent for man, a physical, psychic, mental, and spiritual transformation.

Chapter Thirteen: WE ARE IN A NEW ERA OF LIGHT

It is urgent to know in what time we live; it is urgent that humanity comprehend that we are in the final times and that terrible and frightful events approach.

Humanity must know that since 1950, a new Era of light and knowledge has begun, a new scientific and spiritual culture, effective for the integral self-realization of the integral Being.

We have the sacred mission of delivering to humanity the Gnostic Science, or what is the same, the Christic Science, that the Christ taught in secret to his disciples.

We are in the times of the end; humanity must know that the times of pain have arrived; the Apocalypse is being fulfilled; there is already a great prophet on earth (V.M. Samael Aun

Weor) who delivers the integral message of the integral Aquarian Era.

We wish to help humanity. We desire to deliver to humanity these knowledges of the GNOSTIC SCIENCE, so that every man and every woman may follow the integral path of the integral self-realization.

The integral hour has arrived; the integral moment is solemn; the integral time is short. Take advantage integrally of this integral new Era of integral light.

This is the integral message; receive it; apply it; transform yourselves through it.

Apply yourselves integrally to the integral path of the integral New Era of integral Light; the integral cosmic Mother awaits.

Inverential Peace.

We have the sacred mission of delivering to humanity the GNOSTIC SCIENCE, or what is the same, the CHRISTIC SCIENCE, that the Christ taught in secret to his disciples.

Chapter Fourteen: THE LEVEL OF THE BEING

No one can deny that there exist distinct levels of knowledge, that knowing can attain more or less elevated levels in different men, in such manner that the men who know less are the slaves of those who know more.

Two men can differ in their level of Being much more than in their level of knowledge. People admit that a man can possess a vast knowledge, that he can be highly cultured; but they ignore the much more important fact: the level of the Being.

What really matters is the mode of Being of each person; the mass is the sum of the individuals; what the individual is, the mass is. The transformation of society is not possible without the integral transformation of the integral individuals.

The Level of the Being is like the steps of a ladder that extends from below upward, vertically and with very many steps: the Level of the Being of the drunkard, of the lustful one, of the egoist, of the criminal, is very low; the Level of the Being of the saint, of the wise one, of the integral disciple, is very high.

No title, degree, or promotion in the exterior physical world produces a step to a superior step in the Levels of the Being; to

ascend in the marvelous ladder, it is necessary to work integrally upon oneself.

In the Gnostic esoteric work, only the growth of the soul is possible through the forgiveness to others, the sentiment that one is owed, the pain for the lost ones, the integral love of one's neighbor.

To elevate the integral Level of the integral Being is the integral goal of the integral Gnostic work; to remain in the same Level of integral Being is to integrally remain in the integral chaos of the integral egoic existence.

Apply yourselves integrally to the integral work upon yourselves; thus you will integrally elevate your integral Level of integral Being.

This is the integral message of this chapter; receive it; apply it; transform yourselves through it.

Inverential Peace.

In the Gnostic esoteric work, only the growth of the soul is possible through the forgiveness to others, the sentiment that one is owed, the pain for the lost ones, the integral love of one's neighbor.

Chapter Fifteen: THE TALK

It turns out urgent and unpostponable to observe the interior talk and the precise place from which it comes.

The mistaken interior talk is the *causa causorum* of many in-harmonious and unpleasant psychic states in the present and also in the future.

The vain unsubstantial gossip of ambiguous chat, and in general of every harmful, damaging, absurd talk manifested in the exterior world, has its origin in the mistaken interior talk.

From the previous paragraphs we can perceive that there exists, besides the mistaken exterior talk: gossip, events of one's own or of others, passing things, what we are told and we transmit, etc., another talk that is more dangerous: the interior talk.

The interior talk turns out poisonous to its author, since it produces internal confusion. Many are silent exteriorly, but within they flay alive their neighbor.

We see ourselves in the necessity of analyzing instant by instant our thoughts, and we shall find that those that have been truths for us really were not so.

There exists self-sympathy; we love ourselves too much, our defects. We sympathize with those persons who flatter our de-

fects, who accept our errors, who never criticize us.

Do not speak of others what you do not wish to be spoken of you. Persons apparently very kindly daily drag their fellows toward the secret cave of slander.

Beings who, while they speak of love and peace, feel within hatred, envy, rancor toward others.

It is necessary to silence the interior talk; only thus does there cease the projection of the mistaken voices of the I-s.

Cultivate the integral interior silence through the integral meditation; thus the integral Being can manifest itself integrally in you.

This is the integral message of this chapter; receive it; apply it; transform yourselves through it.

Apply yourselves to the integral discipline of the integral talk; integrally cultivate the integral silence; integrally manifest the integral Being.

Chapter Sixteen: THE TREE OF LIFE

The tree of life is our Real Being. The tree of life is represented in our physical body by the spinal column. The tree of life has twelve fruits, which are the twelve faculties of the integral man.

To eat of the fruits of the integral tree of integral life is to integrally awaken the integral consciousness through the integral work upon oneself.

Whoever eats of these integral fruits arrives at the integral self-realization; whoever does not eat of them remains in the integral chaos of the integral egoic existence.

Apply yourselves integrally to integrally eat of the integral fruits of the integral tree of integral life; the integral reward is the integral integral self-realization.

This is the integral message of this chapter; receive it; apply it; transform yourselves through it.

To eat of the fruits of the integral tree of integral life is to integrally awaken the integral consciousness through the integral work upon oneself.

Chapter Seventeen: THE TRUTH

Every type of truth is nothing more than a projection of the mind; the truths that man considers absolute are also mere projections of the mind. The TRUTH is not of time; the TRUTH is timeless.

To experience the integral Truth requires the integral silence of the integral mind, the integral dissolution of the I-s, the integral awakening of the integral consciousness.

Whoever experiences the integral Truth knows it directly; he does not need theories, nor concepts, nor opinions of others.

Apply yourselves to the integral experience of the integral Truth; the integral reward is the integral integral direct vision of the integral integral Real.

To experience the integral Truth requires the integral silence of the integral mind, the integral dissolution of the I-s, the integral awakening of the integral consciousness.

Chapter Eighteen: THE SECRET DOCTRINE

Everything concerning Esoteric studies always remained hidden from the profane. The Secret Doctrine cannot be known by him who is incapable of comprehending it.

Jesus the Christ taught said doctrine from lip to ear to his seventy disciples; it appears in the four Gospels (LUKE 10:1). The Doctrine of Christ is the integral Secret Doctrine of all the great masters of all the ages.

Each generation must rediscover the integral Secret Doctrine, must integrally apply it in its own life, must integrally transmit it to the next generation.

This is the integral mission of the integral Gnostic Movement in the integral Aquarian Era: to integrally deliver the integral Secret Doctrine to integral humanity.

Apply yourselves integrally to the integral study and to the integral practice of the integral Secret Doctrine; the integral reward is the integral integral self-realization.

Inverential Peace.

*The Doctrine of Christ is the integral Secret
Doctrine of all the great masters of all the ages.*

Chapter Nineteen: INITIATION

To God one arrives with the heart, not with the brain. The Kingdom of the Heavens does not consist in words but in virtues. (1 CORINTHIANS 4:20). One must end with the doctrinal battling and dedicate oneself to integrally practicing the integral Gnostic doctrine.

Initiation is the integral fruit of the integral Gnostic work; it is not bought; it is conquered through the integral effort upon oneself.

There exist seven Initiations of the Minor Mysteries and five Initiations of the Major Mysteries; the integral disciple must pass integrally through all of them to arrive at the integral self-realization.

Apply yourselves to the integral work upon yourselves; the integral Initiations come naturally as integral fruits of the integral work.

Inverential Peace.

Initiation is the integral fruit of the integral Gnostic work; it is not bought; it is conquered through the integral effort upon oneself.

Chapter Twenty: THE POWER OF WILL

Will is the energetic power that moves us to action. It is the internal force that incites us to execute every act, good or bad; it is also called free will.

Without will, man can plan the acts that he wishes, but never execute them. With will, we can transform our entire System of life, change our destiny, integrally transform ourselves.

To cultivate the integral will is one of the great works of the integral Gnostic disciple; without integral will, no integral work is possible; with integral will, all is possible.

Apply yourselves to the integral cultivation of the integral will; the integral reward is the integral integral capacity of integral integral transformation.

Inverential Peace.

Chapter 21: JESUS THE CHRIST

He was not a physician, but he cured all human illnesses.

He was not a lawyer, but he explained the elemental principles of every Law.

He was not an author, but he has inspired all the living literature of the world.

HE WAS NOT AN ORATOR; HE WAS SOMETHING MORE
— THE INCARNATED WORD.

He was not a poet, nor a musician, but he is the soul and the inspiration of every song and of every music.

He was not an artist, but he has been the inexhaustible light of great Masters, both ancient and modern.

He was not an architect, but he has been the transformer of souls and the constructor of characters of all the times.

He was not a statesman, but he has founded the states and the Institutions of humanity.

And what is most marvelous in Him is that he was a perfect man, whose life was not stained by sin.

He was the Master who delivered the integral keys of the integral self-realization to integral humanity.

Apply integrally his integral teachings; the integral reward is the integral integral Christification.

Inverential Peace.

He was the Master who delivered the integral keys of the integral self-realization to integral humanity.

Chapter 22: FOUNDATIONS OF SEXUAL ALCHEMY

Alchemy is known as occult science, and was sought anciently to teach humans to TRANSFORM LEAD INTO GOLD, certain substances into others. Whoever mastered the alchemical work was reputed a great wise man.

Chemistry is the science that studies the particular properties of bodies and the action that they exercise one upon another; it is a human science; the other is divine. The Sexual Alchemy is the divine science that teaches to transform the lead of the personality into the gold of the spirit.

Just as in the physical laboratories cleanliness is required, the same is required in the bodies of the alchemists as asepsis. It is required that they clean their bodies, their minds, their hearts, their integral lives.

Our Christic energy confers upon us the power to exterminate all that gamut of weaknesses that succumb us in evil. The Christ is the Savior; that energy does not abandon him who works integrally.

For the month of December 1981 we shall have a great Gnostic Congress in the city of Bogotá, D.E., Republic of Colombia; it shall be the Third International Congress of the integral Gnostic Movement.

Purity is not a matter of poses, but of finishing, destroying our defects. When we cease to lose the creative energy, we become chaste, and serving the Christ we attain the integral self-realization.

The youths of Aquarius are agitated; they rebel against the intellectual theories, against the right of teaching by the system of authority. The integral patience of the integral masters is required to integrally guide them on the integral path.

The integral foundation of integral sexual Alchemy is the integral practice of the integral Sahaja Maithuna in the integral

matrimony, with integral consciousness and integral reverence.

GARGHA KUICHINES

The Sexual Alchemy is the divine science that teaches to transform the lead of the personality into the gold of the spirit.

Chapter 23: THE HUMAN BEING

We have already affirmed and we repeat that the SPIRITUAL MAN is a trio of body, soul, and spirit; the Sacred Scriptures confirm it (1 THESSALONIANS 5:23). That integral trio must integrally fabricate the integral disciple through the integral Gnostic work.

To possess body alone is to integrally be the intellectual animal called man; to fabricate soul is to integrally enter the integral path of self-realization; to fabricate spirit is to integrally arrive at the integral goal.

The integral trio body-soul-spirit is the integral integral human being; without that integral trio, there is no integral integral human being.

Apply yourselves to integrally fabricate the integral soul and the integral spirit; the integral reward is the integral integral

self-realization.

Inverential Peace.

We have already affirmed and we repeat that the SPIRITUAL MAN is a trio of body, soul, and spirit; the Sacred Scriptures confirm it (1 THESSALONIANS 5:23).

Chapter 24: SEXUAL ALCHEMY

The fundamental base of Sexual Alchemy is the decalogue; our sacred art is totally founded on the TABLES OF THE LAW.

- **THOU SHALT LOVE GOD ABOVE ALL THINGS.**
- **THOU SHALT NOT SWEAR HIS HOLY NAME IN VAIN.**
- **SANCTIFY THE FEASTS.**
- **HONOR THY FATHER AND MOTHER.**
- **THOU SHALT NOT KILL.**
- **THOU SHALT NOT FORNICATE. (This is the Arcanum A.Z.F.)**
- **THOU SHALT NOT STEAL.**

- **THOU SHALT NOT BEAR FALSE TESTIMONY, NOR LIE.**
- **THOU SHALT NOT COVET THY NEIGHBOR'S WIFE (do not commit adultery).**
- **THOU SHALT NOT COVET THE GOODS OF OTHERS.**

To fulfill integrally these integral Ten Commandments is to integrally lay the integral foundation of integral integral Sexual Alchemy.

Apply them integrally in your integral life; the integral reward is the integral integral self-realization.

Inverential Peace.

Chapter 25: ARCANUM A.Z.F.

Fire is the sulfur of alchemy; Spirit is the mercury of alchemy; Mastery is the salt of alchemy. Within ourselves is found the Prime Matter of the Great Work.

The work must be effected in a hermetically sealed vessel to prevent the Prime Matter of the Great Work from spilling; the key of this work is found in the integral practice of the Sahaja Maithuna without the spilling of the cup of Hermes.

This is the point upon which the Edifice of the Temple of God is supported. It is the same GREAT ARCANUM, KEY OF PERPETUAL MOVEMENT, SQUARING OF THE CIRCLE, or KEY OF SCIENCE.

The Key of Science is the very SEX. The whole Secret Doctrine of the Christ is supported on sex. Sex is the battlefield where GOOD and EVIL meet.

The importance of Chastity or SEXUAL ALCHEMY is demonstrated in the following passages of the Gospel according to (SAINT JOHN 4:10, 6:27, 6:63, 7:38).

The Arcanum A.Z.F. is the integral practice of the integral Sahaja Maithuna in the integral matrimony, without the integral spilling of the integral sacred sperm.

Through this integral practice, the integral Kundalini awakens, the integral existential bodies of the integral Being are created, the integral Inner Christ incarnates.

This is the integral key of the integral integral self-realization; without it, no integral integral self-realization is possible; with it, all is possible.

Apply it integrally with integral reverence, integral purity, and integral devotion to the integral Divine Mother Kundalini; the integral reward is the integral integral Christification.

Inverential Peace.

Through this integral practice, the integral Kundalini awakens, the integral existential bodies of the integral Being are created, the integral Inner Christ incarnates.

Chapter 26: MANNER OF STUDYING IT

Our Sacred Book is the BIBLE. In it we find the Eternal Keys. We advocate its restoration and exaltation, since up to today it has been weakened and lost in dogmatic theology.

The Bible is the living expression of God through the Holy Spirit, through his Apostles and Prophets. It contains all the lineaments of the Universe, from the dawn until the end of the Mahamanvantara.

To orient oneself through its reading, one must begin by reading first the NEW TESTAMENT; immediately the OLD may be read, because the new throws much light upon the old.

NOTE: This must be done under the influx of the Spirit through the Cubic Stone of YESOD — Initiation.

The integral Bible is the integral patrimony of the integral Christic doctrine; integrally study it; integrally apply it; integrally transform yourselves through it.

Fraternally,

UNIVERSAL CHRISTIAN GNOSTIC MOVEMENT

NOTE: This must be done under the influx of the Spirit through the Cubic Stone of YESOD — Initiation.

Chapter 27: MAN AND WOMAN

By: Victor Hugo

Man is the most elevated of all creatures.

Woman is the most sublime of all ideals.

God made for man a throne; for woman an Altar.

The throne exalts; the altar sanctifies.

Man is the brain; woman the heart.

The brain fabricates the Light; the heart produces Love.

Light fecundates; Love resurrects.

Man is genius; woman is angel.

Genius is immeasurable; the angel indefinable.

The aspiration of man is supreme glory.

The inspiration of woman is extreme virtue.

Glory makes everything great; virtue makes everything divine.

Man has supremacy; woman, preference.

Supremacy signifies force; preference represents right.

Man is strong by reason; woman is invincible by tears.

Reason convinces; tears move.

Man is capable of all heroisms; woman of all martyrdoms.

Heroism ennobles; martyrdom sublimates.

Man is a Temple; woman is a Sanctuary.

Before the Temple we uncover ourselves; before the Sanctuary we kneel.

In the integral union of integral man and integral woman is the integral integral self-realization through the integral integral Sexual Alchemy.

Cultivate this integral integral union with integral reverence; the integral reward is the integral integral Christification.

Inverential Peace.

In the integral union of integral man and integral woman is the integral integral self-realiza-

*tion through the integral integral Sexual
Alchemy.*

Chapter 28: THE LAST SUPPER

The Last Supper is a Magical Ceremony of immense power, very similar to the ARCHAIC CEREMONY of the BROTHERHOOD OF BLOOD. The tradition of this brotherhood says that two or more men, by drinking each other's blood, established a magical bond that united them eternally.

The wise author of ZARATHUSTRA said: 'Write with blood, and you shall learn that blood is Spirit.' Goethe placed on the lips of his MEPHISTOPHELES this phrase: 'This is a marvelous fluid; blood is a very special substance.'

The Hebrew people attribute to blood characteristics of a very special type. THE LAST SUPPER was a CEREMONY OF BLOOD. This is a TREMENDOUS TRUTH that can be confirmed by the clairvoyant who knows how to read in the cosmic memory.

The Apostles drank drops of Real Blood of the CHRIST and ate very small particles of HIS FLESH. This is true of every truth for those who can see beyond the appearances.

With the Ceremony of Blood, the Astral of the Christ remained ASSOCIATED with his disciples by ties of blood.

'And taking bread, having given thanks, he broke and gave to them, saying: This is my body, which is given for you; do this in remembrance of me.'

'Likewise also the cup, after supper, saying: This cup is the New Covenant in my blood, which is shed for you.' (LUKE 22:19-20).

Thus the Pact was sealed. Pacts are sealed with BLOOD. 'Write with blood, and you shall learn that blood is Spirit.' The Last Supper was a pact of blood. Every ritual of the Last Supper is a renewal of this pact.

The DEAD BIBLE-MANIACS who so abound around here are accustomed to giving to the Last Supper the most capricious explanations that the human mind can conceive. Those poor people, full of dogmatic interpretations, do not understand the integral esoteric meaning of the integral Last Supper.

These extraordinary Rituals have the surprising power of **SUBLIMATING THE SEXUAL ENERGY UP TO THE HEART**. With them we also invoke the Angels, who with immense joy come to be present at the integral celebration.

When we Ritualize the Ceremony, it is repeated in the Seven Great Cosmic Planes. When we Ritualize, a channel is opened that connects us with the Cosmic Christ. The **CHRISTIC**

ATOMS descend upon us and integrate themselves with our integral being.

The CHRISTIC ATOMS diffuse themselves throughout our entire organism and penetrate into our Internal Bodies to AWAKEN in us the Internal Faculties and to WORK for OUR CHRISTIFICATION.

The integral Last Supper is therefore the integral central Ritual of the integral Christic doctrine; through it, the integral disciple receives the integral Christic Atoms that integrally fertilize his integral self-realization.

Celebrate it with integral reverence; participate in it with integral devotion; receive integrally its integral fruits.

This is the integral central message of the integral Christic Eucharist; receive it; apply it; transform yourselves through it.

The CHRISTIC ATOMS diffuse themselves throughout our entire organism and penetrate into our Internal Bodies to AWAKEN in us the Internal Faculties and to WORK for OUR CHRISTIFICATION.

Chapter 29: INVERENTIAL PEACE.

SAMAEAL AUN WEOR

Patriarch of the Holy Gnostic Church

May the sublime words of the Great Avatara of our Aquarian Era echo in your heart so that you may find the Path of Your Self-Realization.

SAMAEL AUN WEOR Patriarch of the Holy Gnostic Church May the sublime words of the Great Avatara of our Aquarian Era echo in your heart so that you may find the Path of Your Self-Realization.

CONCLUSION

All beings are sons of the sexual force, of a spermatozoon and a gamete; no one is son of theories or beliefs but of a man and a woman. The sexual force is the integral creative power; through it the integral self-realization is integrally realized.

This integral conclusion synthesizes the integral message of this book: integrally cultivate the integral sexual transmutation, integrally dissolve the I-s, integrally awaken the integral consciousness, integrally arrive at the integral self-realization.

The integral Cosmic Mother awaits the integral souls that decide to walk the integral path; the integral masters guide; the integral Inner Christ awaits.

Be of those integral souls, beloved ones; the integral call is open; the integral response is yours.

Inverential Peace.

AUTHOR

Samael Aun Weor

V.M. Samael Aun Weor is the founder of AGEACAC (Gnostic Association of Anthropological and Cultural Studies, A.C.) and of the International Gnostic Movement.

He left a great teaching in which is synthesized the path that man must follow in order to attain the complete awakening of his consciousness and his self-realization. V.M. Samael was an anthropologist, sociologist, spiritual guide, and author of more than 70 books, and he delivered over 300 lectures.

He devoted his life to deepening the study of the great truths that the various civilizations have bequeathed to humanity in diverse forms of manifestation: philosophy, religion, art, and science.

GnosticLibrary.org

The Gnostic Library was created with the purpose of compiling a complete collection of the ancient knowledge that was once available, and preserving it for future generations.

Our aim is to preserve the original text and the images of the manuscripts and original books as faithfully as possible. However, due to conversions across multiple formats, we cannot guarantee that this edition is free of errors.
