The I of Witchcraft

We are going to study this topic with the purpose of comprehending that we all have the witch I in our interior, and that it is necessary to eliminate it.

Witchcraft is intimately related with Sexual Magic. We have already taught that there exist three types of Sexual Magic or Tantrism:

- **White Tantrism.** Sexual union phallus-yoni without seminal ejaculation. Kundalini.
- **Gray Tantrism.** Practice of sex without transcendent purpose. Animal enjoyment.
- **Black Tantrism.** Infra-sexual practice with magical rites and seminal ejaculation. Awakens the Kundartiguador.

With this it can be seen the intimate relation existing between Sexual Magic and Witchcraft.

All persons who travel this path must know that they are to be transformed into Angels or Demons, for they already know the

secrets of Sex. And they know that the Creative Sexual Energy of the Holy Spirit holds the Elixir of Long Life.

The principal difference between a White Magician and a Black Magician is the quality of his knowledge.

How a White Magician is Known

- The White Tantric never fornicates and always works in chastity.
- With White Tantrism the Kundalini ascends.
- With White Tantrism the Gods are formed.
- Awakens the Chakras.
- Opens the Churches.
- Liberates the Consciousness; the greater the quantity of consciousness liberated, the greater the quantity of consciousness awake.
- Does the work of psychological death.
- Creates the Seven Existential Bodies of the Being, which permit governing nature, the four Elements, and moving consciously through all the dimensions of nature.
- Awakens all the senses that are now found asleep.
- Arrives at the fusion with one's own Being.

- Teaches and practices the three factors for the revolution of the consciousness.
- Maintains the purity of the knowledge.
- Integrates his Being and attains individuality. He Christifies himself.

How a Black Magician is Known

- The Black Tantric, on spilling the creative sexual energy, lets millions of solar atoms leave the seminal system, and in exchange reabsorbs millions of lunar atoms, making the seminal envelope become blacker.
- With Black Tantrism the powers of the inverted Fire or Kundartiguador are awakened voluntarily.
- With Black Tantrism the Demons are formed.
- Puts these powers at the service of his Ego.
- Does not eliminate the defects.
- Dominates the inferior dimensions.
- Awakens some of the senses of psychic perception.
- Ranks within the Thirteen Degrees of Anagarikas.
- Struggles to thicken the satanic tail of the Kundartiguador.
- Makes super-efforts to submerge humanities in the Abyss.

- Distances himself for eternities from his Being.
- Advises.
- Meddles in the lives of others.
- Threatens, attacks, harms others with works of black magic.
- Harms others by imposing illnesses on them.
- Develops hatred toward other persons.
- Hates and feeds the hatred.
- Originates enmities with attacks.
- Does psychic works to disturb others.
- Kills with black magic.
- Kills using elementals and animas.

Let us reflect on all this to see in what we may be making a mistake. When one is advancing on the Path, the normal thing is to deviate due to lack of work of Psychological Death. Let us discover the I in order to go on eliminating it.

For the foregoing, it is urgent that we study the Black Magician, so that we may discover in our own conduct all the behaviors of these, and eliminate them from our psychology. Otherwise, sooner or later, we shall fall into Black Magic.
