The Infra-Dimensions

This topic has as its object that we know how, just as it happens in the planet Earth, it also happens in our Interior World. In the lower abdomen we find the seven doors that lead to our internal Infra-dimensions or atomic Hells.

By the Law of Correspondences, we find — for the psychological work — the Nine Dantesque Circles in our interior world, just as in the planet Earth.

All human beings have two moons: the visible moon and the hidden moon. The visible moon is related to our visible defects and to our own Infra-dimensions. Our invisible moon is related to the Causa-causorum I-s and to the Infra-dimensions of the planet Earth.

We have already said that psychological defects have two ways of being ended: voluntarily or involuntarily. When a Being decides to end them voluntarily, he must first initiate a psychological war in daily life, working interiorly upon all the psychological aggregates that surface from his interior world. These

I-s work by seizing the Centers of the human machine, the sexual apparatus and the sexual glands.

As we already know, 97% of our Creative Sexual Energy is trapped in the diverse psychological elements. We have to descend to our Infra-dimensions to rescue this energy in order to be able to make the diverse creations. Let us see the Infra-dimensions and the principal defects that are found in each one:

1. First Infra-Dimension — Sphere of the Moon

Related to all the lazy ones who have not baptized themselves. It is showing us that the first work we must carry out is against our own laziness, for this does not allow us to begin the sexual work nor the work upon ourselves.

The sphere of the Moon is related to the planet Moon and the Sexual Center. In this center we find the atom of the Secret Enemy (the Antichrist), which impedes the execution of every work.

2. Second Infra-Dimension — Sphere of Mercury

Related to our Waters and to Instinct. Here are found all the fornicators of our interior world, who finish copulating and are thinking about the next orgasm or fornication. In this circle nothing else is done but spilling the seed. For this reason it is necessary to comprehend the value of the Ens Seminis for

the creation of the Bodies, to learn to value our own energy, to comprehend the damages that the loss of the same caused, and to eliminate the fornicating I in order to be able to do the work of the Great Work.

3. Third Infra-Dimension — Sphere of Venus

Related to all our pleasures or desires. Here we must comprehend that desire is the source of all force; that he who denies himself to desire becomes the master of the force; that he who surrenders to desire becomes its slave.

In this circle we find Desire, who acts as a Psychological Trainer — the Lucifer — tempting us and testing us. If we overcome it, we become masters of the fire and the light. If we do not overcome it, we become its slaves and never shall be able to cease being what we are.

We must study all the pleasures: drinking, eating, playing, fornicating, adulterating, sleeping, resting, partying, watching television, working, suffering, etc., etc., for in them is trapped our fire (the capacity to love).

This sphere is related to the Lower Emotional Center.

4. Fourth Infra-Dimension — Sphere of the Sun

The Sun is related to balance, and this with the Law of the Balance. In this region of our Microcosm we find two classes

of defects that always impede the attainment of balance and our becoming an auto-egocratic system.

We must study all our excesses and deficiencies, originated and expressed in squanderer I-s and miser I-s. The ones invest our interior and exterior wealth badly — they squander it. The others guard it, retain it, and prevent us from doing what must be done, until the thieving I-s steal it. These defects convert us into beggars, for they do not allow the construction of the Existential Bodies to be made.

This sphere is related to the Lower Intellectual Center.

5. Fifth Infra-Dimension — Sphere of Mars

Related to the Motor Center, which manages our works and words. Here we find Force, the good or bad use of the same, the defect of Anger. Therefore there appear the I-s of violence with words and works, the insulters, aggressors, fighters, who surface in daily life and exhaust our Creative Sexual Energy in unnecessary reactions during interrelation with other beings.

We must change the way we react before any situation that presents itself; it is necessary to observe our impatience and all that it leads us to. Here are the ironic, furious people, the haughty, arrogant, proud ones, and all the monstrous creations of the I of Anger.

6. Sixth Infra-Dimension — Sphere of Jupiter

Jupiter is the bountiful one of the solar system. Contrary to this, in this circle we find all our tyrant I-s, dictator I-s, hoarding I-s, the I-s who take possession of things, of lands; the egoist I-s who retain the money to originate scarcity and economic recession, etc. All the parents who oblige their children to eat something they do not like, to study; the parents who retain for themselves the family's money. The I-s who do not allow others to express what they think or act with free will — those who want people to do what they want.

All those who go against Love and the Divine: the blasphemers, the skeptics, the materialists, the atheists.

This region is related to the Superior Emotional Center.

7. Seventh Infra-Dimension — Sphere of Saturn

Related to the Superior Intellectual Center. It has charge of the management of nature. Here we find all the offenses against the Holy Spirit, against Nature, and violent against Art: The fornicating I-s, masturbator I-s, homosexual I-s, lesbianism I-s, adulterer I-s, lasciviousness I-s, pornography I-s, prostitution I-s, I-s that practice sex with animals, I-s that practice anal sex, I-s that practice oral sex, auto-homosexual I-s, sexual abuser I-s, I-s that practice sex various times a day, I-s that copulate while the wife is pregnant, I-s that copulate while the

woman is menstruating, I-s that self-oblige themselves to practice sex, I-s that oblige their spouse to practice when she has no desire, rapist I-s, I-s that spill the energy outside the temple, I-s that use contraceptives, I-s that abort, I-s that castrate themselves, I-s that oblige others to castrate themselves, I-s that castrate animals, I-s that make grafts, witchcraft I-s, I-s that criticize, I-s that slander, etc., etc., etc.

There exists violence against God in the rascals of the intellect who deny man the spiritual possibility.

The violent against themselves — the suicides. The violent against their own goods and the goods of others.

All these defects we must work upon in order to attain purity in sex and reach the true practices of Supra-sex. Moreover, we must observe our behavior toward our Mother Nature: damages to ecology, the contamination of waters, air, earth, elementals, etc., etc.

8. Eighth Infra-Dimension — Sphere of Uranus

Uranus is related to the Holy Spirit, the Creative Sexual Energy, our Divine Mother. The Verb itself, the Truth. In this sphere, on the contrary, we find all the liars, falsifiers, all those who falsify religions, counterfeiters of money, impersonators of persons, the incestuous, the sowers of discord, the bad counselors, the black magicians who invite others to fornicate,

those who promise and do not fulfill, the scandalous, the schismatics, the false ones, the hypocrites, etc., etc.

9. Ninth Infra-Dimension — Sphere of Neptune

We are now in the sexual apparatus. Here we find all the traitor I-s of our psychology. Each of our desires, each of our justifications and washing of hands, each of our bad wills that prefer to do the will of the I-s rather than that of the Consciousness.

For the esoteric work we must discover each one of our traitor I-s, who manifest themselves throughout the day.

This procedure is called Self-Knowledge. From these Infra-dimensions will emerge the Light that illuminates our interior darkness, or the Wisdom of Evil, and the Love that is trapped in those defects.

In these Infra-dimensions our Mercury is trapped. We must teach and stimulate the students for the work of Psychological Death, with the object of emancipating this bottled Essence. Upon the comprehension of the psychological aggregates that we have seen will depend the balance of the centers and the rescue of our energies for creation.

The Infra-Dimensions This topic has as its object that we know how, just as it happens in the plan-

| *et Earth, it also happens in our Interior World.*
